PREFACE

This is the second edition of the Information Digest of Postsecondary Education in Iowa, which replaced the Data Digest of Postsecondary Education in Iowa. The previous publication reported data beginning in 1975.

Data for this publication is drawn from a comprehensive data base developed by Peat Marwick Main and Company as a result of the work done by a Task Force on Higher Education, which included representatives of the Iowa Department of Education, Iowa Association of Independent Colleges and Universities, State Board of Regents, and Iowa College Student Aid Commission.

Most of the information in this publication is drawn from the Integrated Postsecondary Education Data System (IPEDS), which is a nationwide study of postsecondary institutions carried out each year by the National Center for Education Statistics, United States Department of Education. The Iowa College Student Aid Commission coordinates the collection of the IPEDS data from Iowa colleges and universities.

Some of the statistical data is obtained from sources other than IPEDS. Enrollment information is provided through an annual survey conducted by Jerald Dallam of the University of Iowa for the Iowa Coordinating Council for Post-High School Education, and through the Community Colleges Division of the Iowa Department of Education. Data on student fees and financial aid are compiled by the Iowa College Student Aid Commission Staff.

The Iowa College Student Aid Commission is indebted to Dr. John Hartung, Dr. Robert Barak, and Roger Foelske, members of the Iowa Coordinating Council for Post-High School Education, Iowa financial aid administrators who worked with Commission staff to provide data on student aid resources; and to the many Iowa college and university staff members who provided the information for this publication.

The Digest is distributed to the executive offices and libraries of all postsecondary institutions in the state, to the Governor and Iowa Department of Revenue and Finance, to agencies concerned with education, to State Legislators, and Iowa Congressional delegates. Copies are available to the general public for the fee of $10.

Efforts have been taken to provide complete and accurate data by having the data reviewed by officials from each institution before publication. For clarification or explanation of data presented in this publication, the Commission suggests that the reader consult with the appropriate administrative personnel at the individual institutions. Any comments or suggestions for improvement in the content or format of this report will be gratefully received by the Commission.

IOWA COLLEGE STUDENT AID COMMISSION

Robert E. Phipps, Fairfield	Chairman - Represents the General Public
Norma Jansma, Rock Rapids	Vice Chair - Represents the General Public
John V. Hartung, Indianola	Secretary - Represents Iowa Independent Colleges and Universities
Denise Lenning, Waverly	Represents Iowa Postsecondary Students
William L. Lepley, West Des Moines	Director, Iowa Department of Education
John McDonald, Dallas Center	Represents Iowa Student Loan Liquidity Corporation
Mary Jean Montgomery, Spencer	Represents the General Public
Charles N. Poncy, Ottumwa	Represents the Iowa House of Representatives
R. Wayne Richey, Des Moines	Represents the State Board of Regents
John B. Rigler, Muscatine	Represents Iowa Lending Institutions
Carl Rolf, Sheldon	Represents Vocational Education Advisory Council
Ray Taylor, Steamboat Rock	Represents the Iowa Senate

Gary W. Nichols, Executive Director

John W. Heisner, Director of Program Administration

Keith Greiner, Director of Research

DIRECTORY OF
IOWA COLLEGES AND UNIVERSITIES

Information in this section was obtained from the Integrated Postsecondary Education Data System (IPEDS) Institutional Characteristics form. The directory gives a brief description of each institution including address, telephone number, county, congressional district, accrediting association, control, affiliation, and highest academic offering.

Institutions for which data is reported in this publication are included in this directory. For directory information regarding other Iowa educational institutions including cosmetology/barber, medical/technical, and career/technical schools please contact the Iowa College Student Aid Commission.

ENROLLMENTS

The information in this section was compiled from the Iowa College and University Enrollment Report prepared annually by the University of Iowa for the Iowa Coordinating Council for Post-High School Education and from the Iowa Department of Education, Community Colleges Division.

The tables in this section contain enrollment information including residency, gender, full- or part-time status, rank in class, and graduate or undergraduate status for each institution. A report summarizing the Geographic Location of Alumni is also included. Alumni data has been collected for only two years and, while campus officials are working hard to refine the institutional data bases used to maintain this information, the data is expected to vary from year to year until it is perfected. For this reason, caution should be exercised in using the location data.

STUDENT EXPENSES

The college budgets in this section were collected by the Iowa College Student Aid Commission (ICSAC) and include tuitions and mandatory fees (fees paid on an annual basis by all students), room and board charges for campus dormitories, plus a standard allowance of $1,450 for books and other education-related costs adopted by the ICSAC for purposes of the state scholarship and grant programs. Since the individual schools develop campus-based estimates of costs for non-fixed items such as books and transportation, the total budgets reported here may vary slightly from those given in college catalogs.

Few community colleges have dormitory facilities and living expenses can vary considerably depending on location and commuting distance. This report does not itemize these charges for community college students. Instead, an average allowance is used in conjunction with actual tuitions and fees for these schools.

All expenses in this report were calculated on the basis of the September to June academic year.

DEGREES AND OTHER FORMAL AWARDS CONFERRED

The source of this report is the IPEDS Completions form, which collects data annually on degrees and other formal awards conferred during the previous academic year. The first report summarizes the degrees conferred by each sector of Iowa postsecondary institutions. The second report contains the number of degrees conferred by each institution by level of degree.

A report of degrees conferred by discipline is available for each institution and will be provided upon request.

FACULTY SALARIES AND TENURE

The data in this section was derived from an ICSAC Salary Survey of Full-Time Instructional Faculty. The first reports in this section provide a comparison of average faculty salaries for 1983 and 1988. The following report summarizes faculty tenure status by rank. The remaining reports include faculty salary information by rank for employees with 9- and 12-month contracts, with separate reports by gender.

The previous editions of the Digest included data collected from federal Equal Employment Opportunity Commission reports. That is collected biennially and is not included in this year's Digest, but will be in next year's edition.

FINANCIAL STATISTICS

This section was compiled from figures reported on the IPEDS Finance form. Definitions for the terms used in these reports follow:

EXPENDITURES

Instruction - Expenditures of the colleges, schools, departments, and other instructional divisions of the institution and expenditures for departmental research and public service that are not separately budgeted.

Research - All funds expended for activities specifically organized to produce research outcomes and commissioned by an agency either external to the institution or separately budgeted by an organizational unit within the institution.

Public Service - Funds budgeted specifically for public service and expended for activities established primarily to provide non-instructional services beneficial to groups external to the institution.

Academic Support - Expenditures for the support services that are an integral part of the institution's primary mission of instruction, research, or public service. Includes expenditures for libraries, museums, galleries, audio/visual services, academic computing support, ancillary support, academic administration, personnel development, and course and curriculum development.

Student Services - Funds expended for admissions, registrar activities, and activities whose primary purpose is to contribute to students' emotional and physical well-being and to their intellectual, cultural, and social development outside the context of the formal instructional program.

Institutional Support - Expenditures for the day-to-day operational support of the institution (excluding expenditures for physical plant operations). Includes expenditures for general administrative services, executive direction and planning, legal and fiscal operations, and public relations/development.

Operation and Maintenance of Plant - Expenditures for operations established to provide service and maintenance related to grounds and facilities used for educational and general purposes.

Scholarships and Fellowships - Expenditures given in the form of outright grants and trainee stipends to individuals enrolled in formal course work, either for credit or non-credit. It also includes aid to students in the form of tuition or fee remissions with the exception of those remissions that are granted because of faculty or staff status.

Mandatory Transfers - Transfers from current funds that must be made in order to fulfill a binding legal obligation of the institution. Includes mandatory debt-service provision relating to academic and administrative building, including (1) amounts set aside for debt retirement and interest; and (2) required provisions for renewal and replacements to the extent not financed from other sources.

Auxiliary Enterprise - Includes essentially self-supporting operations of the institution that exist to furnish a service to students, faculty, or staff, and that charge a fee that is directly related to, although not necessarily equal to, the cost of the service. Examples include residence halls, food services, student health services, intercollegiate athletics, college unions, college stores, and barber shops.

Hospitals - Expenditures, except depreciation, associated with the operation of a hospital, including nursing expenses, other professional services, general services, administrative services, fiscal services, and charges for physical plant operations.

Independent Operations - Funds expended for operations that are independent of or unrelated to the primary missions of the institution (i.e., instruction, research, public service), although they may contribute indirectly to the enhancement of these programs. This category generally is limited to expenditures of major Federally Funded Research and Development Centers.

REVENUES

Tuition and Fees - All tuition and fees (including student activity fees) assessed against students for education purposes.

Government Appropriations - All amounts received by the institution through acts of a legislative body, except grants and contracts. These funds are for meeting current operating expenses.

Government Grants and Contracts - Revenues from governmental agencies which are for specific research projects or other types of programs.

Private Gifts, Grants, and Contracts - Revenues from private donors for which no legal consideration is involved and private contracts for specific goods and services provided to the funder as stipulation for receipt of the funds.

Endowment Income - 1) the unrestricted income of endowment and similar funds; 2) restricted income of endowment and similar funds to the extent expended for current operating purposes; and 3) income from funds held in trust by others under irrevocable trusts.

Sales and Services of Educational Activities - Revenues derived from the sales of goods or services which are incidental to the conduct of instruction, research, or public service.

Auxiliary Enterprises - All revenues generated by or collected from the auxiliary enterprise operations of the institution that exist to furnish a service to students, faculty, or staff, and that charge a fee that is directly related to, although not necessarily equal to, the cost of the service.

Hospitals - Revenues of a hospital operated by the institution. Includes gifts, grants, appropriations, research revenues, and endowment income.

Other Sources - Revenues or items not covered elsewhere. Examples are interest income and gains (net of losses) from investments of unrestricted current funds, miscellaneous rentals and sales, expired term endowments, and terminated annuity or life income agreements, if not material.

Independent Operations - Revenues associated with operations independent of or unrelated to the primary missions of the institution (i.e., instruction, research, public service) although they may contribute indirectly to the enhancement of these programs. This category generally includes only those revenues associated with major Federally Funded Research and Development Centers.

STUDENT FINANCIAL AID

The following section contains summaries of student financial aid distributed during 1988-89. The information is based on the Iowa College Student Aid Commission Financial Aid Questionnaire. The reports contain summary data for scholarships, grants, loans, and work-study funding provided in four categories (federal, state, institutional, and other) for all institutions.

For purposes of these reports, Marshalltown Community College and Ellsworth Community College are shown separately.
